Hokkien

## Profile

Computer Science undergraduate at Sunway University with hands-on experience building web applications and database systems using HTML, CSS, JavaScript and Oracle SQL. Proven teamwork and leadership strengths gained through university sports leadership and customer-facing part-time roles. Eager to join an internship to apply software development and problem-solving skills within a collaborative tech team.

## Work Experience

### Part Time Piano Teacher

Craz Music Academy (June 2022 - Sept 2026)

- Delivered personalized piano lessons by adapting teaching approaches to students' learning styles, improving communication and mentoring skills.

### Part Time Educator

Lululemon, The Gardens, KL. (May 2024 - July 2026)

- Developed strong communication and teamwork skills by collaborating with team members to support daily operations and deliver excellent customer experiences.

## Education

### Bachelor of Science in Computer Science

**Sunway University (Sept 2024 - June 2027) | CGPA: 3.35**

- Volleyball Team Captain (2024-2026)
- Bronze Medalist, SUKMA Volleyball 2024 | Sunway Sports Scholar

### Foundation in Arts

**HELP University (April 2023 - April 2024) | CGPA: 3.2**

- Recipient of CEO Sports Scholarship Award
- Participant, SUKIPT Volleyball Tournament 2024

## Project

### Personal Portfolio Website | HTML, CSS

Built a fully responsive personal portfolio website to exhibit technical projects, skill sets and academic background. Implemented intuitive site navigation and mobile-friendly layout for seamless viewing across different screen sizes.

### Sonique Website | HTML, CSS, JavaScript

Developed a responsive e-commerce web application specialised in audio hardware including headphones and earphones. Designed clean user-centric UI and implemented front-end interactive features to improve user browsing experience.

### Animal Shelter Database Management System | Oracle Apex SQL

Designed and built a functional database management system for an animal shelter. Constructed database schemas, data tables and workflows on Oracle APEX to support shelter-related data storage and record-keeping operations.
